

Work sheet
Class 11C
Subj Geography

- Q.1 What are the implications of India having a long coastline?
- Q.2 While the sun rises earlier in the east, say Nagaland and also sets earlier, how do the watches at Kohima and New Delhi show the same time?
- Q.3 Why is there a time variation of 2 hours between the easternmost and westernmost part of the country?
- Q.4 Explain in detail about size and extension of India.
- Q.5 What are the implications of India having along coastline?
- Q.6 You observe every day in your surroundings that there is variation in natural as well as cultural phenomena. All the trees are not of the same variety. All the birds and animals you see, are different. All these different elements are found on the earth. Can you now argue that geography is the study of "areal differentiation"?
- Q.7 Differentiate between Systematic approach and Regional approach.
- Q.8 Explain different branches of Physical geography.
- Q.9 **What is the relation between man and nature?**
- Q.10 Physical and human factors both are dynamic not static. Explain.
