Dear Parents,

*Vacations are the most appropriate time for kids to refresh and rejuvenate themselves, be creative, learn new skills and perform more enthusiastically. Children have ample energy which should be channelized in the right direction to get the best out of them. We have designed holiday homework, keeping this in mind. It will build their confidence and new skills.*

Few tips for parents to make the vacation a fruitful time for their child.

- **Be a Friend:** Play games with your child like – Ludo, Carom-board or Scrabble. Explore Nature: Take your child for a morning walk, count trees, cars, stones, flowers, etc. while going for a walk.
- **Brain Activation exercise:** Do brain exercises with your child to sharpen his/her memory.
  - a. **Hunt the Rabbit-** You got one hand doing rabbit ears and the other hand pointing at it, just like it's a rabbit. Now keep on switching. It is really challenging.
  - b. **Pinky Index-** Now we are going to point out the index and pinky and switch at the same time. Other fingers should not move.
  - c. **Thumb Touch-** Touch your thumb in a sequence back and forth. Do it as fast as you can and in the right order. Do this to keep your coordination healthy.

- d. **Solve Quiz-** General knowledge helps to build a person’s confidence level and sharpens his/her thinking capacity. This summer, play some quiz games with your child like- “Who is the prime minister of India?” “Which state is also known as the Fruit Bowl of India?”

- **Teaching good table manners to kids:** Table manners and dining etiquette can go a long way towards building a child’s confidence in social situations. Sit down with your child at a time other than dinner and gently explain what you expect. Write it down or draw pictures to make it more interesting, so that they translate the same manners while dining out or at home.
